2024-25

Semester: - 3

Data Visualization in Finance

Subject Code: FTMSC13

Total Marks: 25

Duration: 1 Hour

Instructions:

- Figures to the right indicate Full Marks.
- Do not write anything on the question paper.

Q-1	Create a bar chart that shows the total sales by region. ▪ Regions on the x-axis and sales on the y-axis. ▪ Sort the regions from highest to lowest sales. ▪ Apply a color scheme for each region.	(05)
Q-2	Create a pie chart that displays the total profit by product category. ▪ The size of the pie slices represents the profit of each category. ▪ Each slice is labeled with the category name and percentage of total profit.	(05)
Q-3	Create a horizontal bar chart to display the total sales by sub-category, but only for the top 5 sub-categories by sales. ▪ Bars sorted from highest to lowest sales. ▪ Appropriate color-coding for better distinction between the sub-categories.	(05)
Q-4	Create a dashboard by combining the following: Sales by Region (from Q1). Profit by Category (from Q2). Product Sub-Categories Performance (from Q3). Make sure the dashboard is interactive, with filters for the year and region to allow for further insights.	(10)
OR		

Q-1	Create a bar chart showing total Sales for each Product Category. ▪ Sort the categories in descending order of Sales. ▪ Add Labels to display the exact Sales value for each bar.	(05)
Q-2	Create a line chart to visualize Sales over Time (use the `Order Date` field). ▪ Ensure the chart shows monthly trends for all years. ▪ Use different color to represent each region.	(05)
Q-3	Create a pie chart showing the percentage of total profit for each Product Sub-Category. ▪ Ensure the pie chart is clear and each slice is properly labeled with percentages.	(05)
Q-4	Create a dashboard that includes the following visualizations: ▪ Sales by Category (Bar Chart from Q1) ▪ Sales Over Time by Region (Line Chart from Q2) ▪ Profit by Sub-Category (Pie Chart from Q3) ▪ Add interactivity by making the Region a filter that applies to all charts. ▪ Ensure that the dashboard is neatly arranged, with appropriate titles and legends. Add a **dynamic title** that updates based on the selected Region.	(10)
